

Flower Tangle

Aim:

Navigate through the maze from one triangle to the other. You can start from and finish on either of the triangles.

Parts of the maze:

- Long black lines: stems
- Circles: flowers

Rules:

1. Move through the maze on the white only.
2. You can only cross a stem if at least one end of it is connected to a white part of a flower. (stems that only connected to a black part of a flower, and stems not connected to a flower at all, cannot be crossed).
